WHAT IS A DOMESTIC VIOLENCE RESPONSE TEAM?

The initial experience of a victim of Domestic Violence often determines whether he or she will continue to seek help to escape the cycle of violence in their lives.

A Domestic Violence Response Team provides a variety of services to victims and witnesses of domestic violence and sexual assault. The volunteers participate in a forty-hour training program to prepare them as DVRT members.

Domestic Violence is a Crime...

There are laws in place to protect victims:

Domestic Violence is also called 'spouse abuse', 'battering', 'intimate partner abuse' or 'family violence' and comprises different kinds of abusive behaviors between people in previous or ongoing relationships.

It includes the use of tactics which are physically, emotionally, and/or sexually harmful or threatening to a person's well being.

- *Harassment & intimidation
- *Emotional Abuse
- *Isolation
- *Stalking
- *Forcing sexual activity without consent
- *Physical Assault – punching, slapping, hitting, choking, biting, kicking, etc.
- *Restraining or confining someone against his/her will

The goals of the Domestic Violence Response Team Members are:

1. Provide information and a safe and confidential environment to victims of Domestic Violence by working with the local Police Departments, the Passaic County Prosecutor's Office, and Passaic County Women's Center.

“Treat people as though they were what they ought to be and you help them become what they are capable of being.” Goethe

2. Teach awareness whenever and wherever we can, helping people to understand what Domestic Violence is and why each of us should lend support to those involved in these relationships in order to end the cycle. Speakers are available to address this issue at your organizational meetings- just notify our office at the phone number listed.

“What we live for, if not to make the world less difficult for each other.” George Elliot

3. Promote peace and harmony in all relationships. Volunteers are always welcome to join our team.

“Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has.” Margaret Mead

“How wonderful it is that nobody need wait a single moment before starting to improve the world.” Anne Frank
